ENTER THE WHEEL of WISDOM

(It May Change Your Life. . .)

Written by Dr. Sally and Professor Bèla

Come and explore the multidimensional nature of reality and learn how to expand your consciousness in seven different directions by participating in the Wheel of Wisdom (WoW) program at O.Z.O.R.A. festival. We will take you on an evolutionary journey, utilizing a variety of methods designed to engage both hemispheres of your brain, that will positively enhance your understanding of WHO YOU ARE and WHO YOU CAN BE. It may also inspire you to know your unique PURPOSE in life.

We human beings have amazing capacities that most of us are not even aware of, in fact, many people know how to operate their cell phones and computers more competently than their

own psyches, their operating system for consciousness. Utilizing the ancient Wheel symbol as a teaching tool (one of its original purposes), we take you on a journey of your Psycho-physical human evolutionary potential, beginning with your Heart (1st Direction, first day) and ending with your True Self (7th Direction, last day). We also take you on a journey of the Psycho-physical evolution of human consciousness from our earliest glimmer of awareness to our current possible consciousness shift; one that is imperative if we are going to survive and thrive through the coming World Changes on the horizon.

Oh! but Sweetheart's, understand this is not an easy course (five consecutive days beginning the second day of the festival: July 31-Aug. 4th 2:00-4:30 in the Pyramid*); this is not entertainment, this is not a party game; this is serious work! To really participate, you must *WANT* to know who you are and who you can be. If this is your path, this program is for you; if you are feeling confused, lost, uncertain about who you are, this program is for you. Most of us feel that there is something MORE in store for us as humans, more than great partying, more than the ordinary grind of daily life, more to who we are than just living an unconscious ego driven life. If you have the will and desire to know: **THE WHEEL OF WISDOM IS YOUR PROGRAM!**

Lest you think this hard work is too demanding, let me inform you that it is some of the most exciting, rewarding, and joy-filled work you could possibly do. Who could conceivably be more important in your life than YOU? Any work you could do, any act of love you could have, any discovery you could make, depends upon who you ARE. Come, take a peek through the doors we will be opening for you, discover the evolutionary potentials available for you to develop in your own life.

*For the general WoW Program, you may attend as many or as few days as you want (each day is focused on a different direction; last day, three directions); only one day of attendance will be eye-opening, better is all five days, best is to participate in the Initiate's Program, a deeper and more involved exploration of each direction's meanings directly following the general program (sign up is on the first day of the general program only (July 31); complete program attendance mandatory, limit 25 participants).
