Nedda Magro Advisor's Astrospiritual Forecast: Kick off with Aquarius Super Full Moon

A double blast of Full Moon opens and closes August. Tomorrow, the first one in Aquarius, and the second on August 30 in Pisces. This is not the only thing that gives an extraordinary power to this month. Every year between July 28 and August 12, a special Gate Portal opens up: with the Sun and Sirius synchronized rising. The peak is when the Sun reaches the halfway point or 15 degrees of the Leo zodiac, on August 8. Since Sirius is the brightest star in our night sky, its rising was seen by ancient astrologers as the rebirth of our spirit energy and the spirit energy of the planet. On August 8, the Orion Belt moves into direct alignment with the Pyramids of Giza, opening the Liongate 88 Portal. In numerology, 88 represents infinity and DNA activation. This vortex

delivers high-frequency energy - super-charged light codes into our beings. On the top of that comes the double Full Moon, meaning the Moon is 15% closer to the Earth. The magnetic field, the weather and our moods and emotions will be more affected during the whole month. Tomorrow's Full Moon is in Aquarius, ruled by Uranus. This can bring strangeness and unusual, weird energies. Themes related to the future, to the community, related to organizations can occupy our mind. Thoughts like "where do I fit in, where I don't" can be more intense. On the same day (Tuesday), Mercury will be in opposition to Saturn. This is also a very heavy energy on the mind, communication can be challenged. Use your Full Moon-boostered power and the light of the Sun, as Leo's ruler is at its maximum in the sky. This is the time is for embracing our individuality

and to let our freak flags fly! 6 planets will be retrograde soon, so dive into the super weird and super powerful vibrancy of the first weeks, absorb them as much as possible to be prepared for what the end of the month may bring up (again). These times are making us appreciate more what and who we have in our life. Use the power of the Liongate Portal to ensure your crystals are vibrating harmoniously, and keep in mind, what number 8 represents:

we are an infinite soul taking an infinite journey.

WOW.

The Wheel of Wisdom Program offers you a guide for becoming a conscious human being to living the full circle of life as completely, powerfully, and successfully as you can.

The Wheel itself is an ancient sacred symbol, containing the map, or blueprint for how to become conscious in seven different yet related directions. The WoW Program begins on the second day of the festival (August 1) continues for 5 days and is held in the Pyramid from 2:00 until 4:30. The Program consists of two parts: a lecture, which cover a different direction on the Wheel and different level of consciousness each day, and ritual, which includes a guided meditation, a meditation walk to the Wheel, and placing rocks on the Wheel containing commitments and prayers for you to develop higher consciousness. Additionally, WoW presents the Initiates Program, which occurs directly after the general WoW Program and provides a deeper immersion in the information Wheel of Wisdom, you won't regret it.

Interconnectedness

Spider run you run
Take take take
Put put put put
All in - the house is full
Royal cards flash under your blouse
Can you feel it?
Most importantly, can you play them again?

We and mushrooms have for long

Known the web
The interconnectedness
Two dots making a line
Lines constructing whatever your mind designs
Can you feel you, as a humanoid?
Are you a pearl wandering in vain?
Are you a crumbly fallop on the street?
Are you just a pebble among many others?

Or are you aiming a line to another

HumanDot far or nearby?
How many lines can you shine?
-we explained this in the Spitter Sun.
Shine your lines and connect
Little humanoid-suns!
Do the lines and see the web
Feel how it catches a dream-ly
Feast on it!
And grow your net bigger
That's all you have to do this summer!

MAKING THE OPENING TOGETHER

This year, the tradition of the Opening Ceremony transcends into exalted union: we invite everyone to weave together the musical tapestry of the event in real time.

We will use our voices, breathing, hands and feet to make the whole Valley vibrate and sing together. Thirty of us have been practicing for weeks now to become conductors of the ceremony and synchronize all Ozorians present with the sound of the drums, the violin, the cetera, the rhythm of hoofbeats and each other. Let us become one boundless choir of Ozorians and elevate the tradition to a new level.

"All of these things, you know, whether it's visionary art or festival culture, all of these things are important to birthing what is an underground intelligence. I think of it like the mycelia, all of us are like the MYCELIA INTERCONNECTED UNDERGROUND, you know, and then occasionally it fruits out in a festival. The underground intelligence is worldwide and it's fruiting all over with very similar kinds of things we call the Love Tribe. We need to be conscious and do what each of us can, but we also need to hold some degree of faith, and loving whatever happens day by day, because we're the creators, or the authors of our story about our lives."
